| IDENTIFIERS | *AGRICOLA |

ABSTRACT

This directory lists 227 journals in the National Agricultural Library's (NAL) collection that are related to social and economic aspects of rural development. The directory includes both United States and international journals. Each citation includes title, NAL call number, NAL holdings information, the International Standard Serial Number (ISSN), publisher, frequency of publication, and an indication of whether the journal is indexed in the NAL database AGRICOLA. Journals focus on issues related to rural development, rural economics, rural education, agriculture, extension services, rural areas, human services, environmental economics, health care, public policy, agribusiness, human resources, rural sociology, social problems, community development, and rural reconstruction. The directory also provides information on the Rural Information Center, a joint project of NAL and the Extension Service; document delivery services to individuals; and electronic access for interlibrary loan requests. The **Rural Information Center** (RIC) is a joint project of the Extension Service and the National Agricultural Library (NAL). RIC provides information and referral services to local government officials, community organizations, health professionals and organizations, cooperatives, libraries, businesses, and rural citizens working to maintain the vitality of America's rural areas. The Center combines the technical, subject-matter expertise of Extension's nationwide educational network with the information specialists and resources of the world's foremost agricultural library.

The Office of Rural Health Policy in the Department of Health and Human Services (DHHS) and the NAL jointly created a Rural Information Center Health Service (RICHS) as part of the RIC. RICHS collects and disseminates information on rural health issues, research findings related to rural health, and innovative approaches to the delivery of rural health care services.

SERVICES:

**Provide** customized information products to specific inquiries including assistance in economic revitalization issues; local government planning projects; rural health issues; funding sources; and other related issues for the purpose of monitoring the quality of rural life.

**Process** a broad array of general and funding information requests on such topics as:

- Successful strategies, models, and case studies of community development projects
- Small business attraction, retention, and expansion
- Tourism promotion and development
- Recycling programs
- Community water quality
- Technology transfer to rural areas
- Closures, restructuring and diversification of rural hospital and clinics
- Agricultural health and safety
- Health programs, services, personnel issues
- State initiatives concerning rural health delivery issues

**Refer** users to organizations or experts in the field who can provide additional information.

**Perform** brief database searches of requested topics on a complimentary basis.

**Furnish** bibliographies and Rural Information Center Publication Series titles.

**Identify** current USDA and DHHS research and Cooperative Extension Systems programs.

## INTRODUCTION

*Journals Significant to Rural Development Received at the National Agricultural Library* (NAL) is a compilation of serials currently in the NAL collection which are considered most applicable to the social and economic aspects of rural development initiatives in the United States.

The information for each citation includes the full title of the serial, the NAL call Number, the AGRICOLA abstracting information, the NAL holdings information, the International Standard Serial Number (ISSN), the place of publication and the frequency of publication. In addition, if a serial is indexed in the NAL database, AGRICOLA, an asterisk (*) appears after the title.

United States Department of Agriculture | National Agricultural Library | Public Services Division | Beltsville, Maryland 20705

## Document Delivery Services to Individuals

The National Agricultural Library (NAL) supplies agricultural materials not found elsewhere to other libraries. Submit requests first to local or state library sources prior to sending to NAL. In the United States, possible sources are public libraries, land-grant university or other large research libraries within a state. In other countries submit requests through major university, national, or provincial institutions.

If the needed publications are not available from these sources, submit requests to NAL with a statement indicating their non-availability. Submit one request per page following the instructions for libraries below.

### NAL's Document Delivery Service Information for the Library

The following information is provided to assist your librarian in obtaining the required materials.

**Loan Service** — Materials in NAL's collection are loaned only to other U.S. libraries. Requests for loans are made through local public, academic, or special libraries.

The following materials are not available for loan: serials (except USDA serials); rare, reference, and reserve books; microforms; and proceedings of conferences or symposia. Photocopy or microform of non-circulating publications may be purchased as described below.

**Document Delivery Service** — Photocopies of articles are available for a fee. Make requests through local public, academic, or special libraries. The library will submit a separate interlibrary loan form for each article or item requested. If the citation is from an NAL database (CAIN/AGRICOLA, *Bibliography of Agriculture*, or the NAL Catalog) and the call number is given, put that call number in the proper block on the request form. Willingness to pay charges must be indicated on the form. Include compliance with copyright law or a statement that the article is for "research purposes only" on the interlibrary loan form or letter. Requests cannot be processed without these statements.

**Charges:**

- Photocopy, hard copy of microfilm and microfiche – $5.00 for the first 10 pages or fraction copied from a single article or publication. $3.00 for each additional 10 pages or fraction.
- Duplication of NAL-owned microfilm – $10.00 per reel.
- Duplication of NAL-owned microfiche – $ 5.00 for the first fiche and $ .50 for each additional fiche per title.

**Billing** – Charges include postage and handling, and are subject to change. Invoices are issued quarterly by the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, VA 22161. Establishing a deposit account with NTIS is encouraged. *DO NOT SEND PREPAYMENT.*

**Send Requests to:**

USDA, National Agricultural Library
Document Delivery Services Branch,PhotoLab
10301 Baltimore Blvd., NAL Bldg.
Beltsville, Maryland 20705-2351

Contact the Head, Document Delivery Services Branch at (301) 504-5755 or via Internet at ddsbhead@nalusda.gov with questions or comments about this policy.

# USDA - NATIONAL AGRICULTURAL LIBRARY

# ELECTRONIC ACCESS FOR INTERLIBRARY LOAN (ILL) REQUESTS

The National Agricultural Library (NAL), Document Delivery Services Branch accepts ILL requests from libraries via several electronic methods. All requests must comply with established routing and referral policies and procedures. A sample format for ILL requests is printed below along with a list of the required data/format elements.

**ELECTRONIC MAIL - (Sample form below)**

| SYSTEM | ADDRESS CODE |
|---|---|
| INTERNET | LENDING@NALUSDA.GOV |
| OCLC | NAL's symbol AGL need only be entered once, but it must be the last entry. |

**SAMPLE ELECTRONIC MAIL REQUEST**

Ariel IP = 111.222.333.444.555 Or Fax To 123-456-7890

**TELEFACSIMILE** - 301-504-5675. NAL accepts ILL requests via telefacsimile. Requests should be created on standard ILL forms and then faxed to NAL. NAL fills requests via FAX as an alternative to postal delivery at no additional cost. If you want articles delivered via fax, include your fax number on your request. NAL will send up to 30 pages per article via fax. If the article length exceeds 30 pages NAL will ship the material via postal service. All requests are processed within our normal timeframes (no RUSH service).

**ARIEL** - IP Address is 198.202.222.162. NAL fills ILL requests via ARIEL when an ARIEL address is included in the request. NAL treats ARIEL as an alternative delivery mechanism, it does not provide expedited service for these requests. NAL will send up to 30 pages per article via Ariel. If the article length exceeds 30 pages or cannot be scanned reliably, NAL will deliver the material via fax or postal service.

**REQUIRED DATA ELEMENTS/FORMAT**

1. Borrower's address must be in block format with at least two blank lines above and below so form may be used in window envelopes.
2. Provide complete citation including verification, etc. and NAL call number if available.
3. Provide authorizing official's name (request will be rejected if not included).
4. Include statement of copyright compliance (if applicable) & willingness to pay NAL charges.
